

4 November 2022

### Important information - Changes to gate access to school

Dear Parent/Carer,

As mentioned in previous communication, there will be work commencing on the school grounds. This will mean parents/students cannot access the Lukin Street entrance (near Fun 4 U) for morning drop off or afternoon pick up from Monday 7th November, 2022. This gate will be unavailable until further notice.

#### **Gate Access:**

- Access to the school grounds will be via the following locations:
  - 1) **Main entrance** (near the bus stop) - Fletcher Street
  - 2) **Bottom oval entrance** - Junction Street
  - 3) **Postman's Track entrance** (near the Kindergarten classrooms) - accessible via Lukin Street or Postman's Track.

#### **Other important information:**

- Students will be dismissed from their normal areas except for Stage one (Year 1/2), who will be dismissed from the handball courts next to the primary COLA.
- Fun 4 U (Before and after school care) - The single gate on Lukin Street will only be accessible for any students attending Fun 4 U and their parent/caregiver involved in dropping off before school/ picking up after school.
- Pick up - Parents will need to communicate with students which gate to meet at in the afternoon (main entrance/bottom oval/Postman's track) if there is a change from normal arrangements.
- Travel by bike - Please remind any year 5/6 students travelling by bike that they will need to dismount *before* entering the school grounds and walk their bicycle to the area where the bikes are kept. They will need to use the **Postman's track gate**, from their normal route to school.

We will communicate any changes to this information as we progress.

Thank you for your cooperation.

Ewen Neild
